Thousands of Alberta residents will be reminded of Alberta's vacation opportunities this year as the Alberta Government float, above, is invited to participate in scores of annual agricultural exhibitions and fair parades held each summer in the province's communities. The float, prepared by the Department of Provincial Secretary, draws attention to scenic and sports activities within Alberta and has animation in the central figures that encourages Albertans to "See Alberta First." A valance of cellophane will skirt the bottom edge of the float in parade. Alberta's 1959 float, originally designed for participation in the Grey Cup parade, was requested by 25 Alberta communities last year for their parades. It began its rounds June 30 at Ponoka. During the next 24 days the float travelled 2500 miles to enter 11 different parades at various Alberta points. Long hauls and adverse weather took a heavy toll of the display and by July 24 it was no longer serviceable. Nine later scheduled appearances had to be cancelled.

Applications for participation in 1960 local parades are now being received by the Publicity Bureau, Department of the Provincial Secretary, Edmonton, and showings will be arranged on a first-come-first-served basis, compatible with practicality of routes and time.

Several district residents were delegates to the three-day circuit assembly of Jehovah's Witnesses in Lethbridge during the past week-end.

Featuring speakers from various parts of Southern Alberta, the purpose of the three-day conference was to instruct ministers of the group in their work of Bible education.

### Province-wide H.S.A. For Retarded Children Meets

The Parent School Organization for Exceptional Children of the Provincial Training School held their annual spring meeting recently at Red Deer.

One of the largest gatherings to date came from all corners of the province to hear their new president Mrs. Rita D'Amico, bring up for discussion fund raising plans and disbursements for the extra comforts of the school's nearly 1,000 retarded children.

One of the highlights of the program concerns a boat being built by the trainees for a June raftie, complete with 40 h.p. motor and water skis. The proceeds of this project will help to provide a miniature scenic train ride and wading pool on the school grounds, and telephone for the Randall R. MacLean summer cottage on Gull Lake where some 800 of the children can enjoy a summer vacation. In addition the organization is attempting to maintain a fund to encourage research into mental retardation. Donations may be directed to the secretary-treasurer, Mrs. Kidney, at the Provincial Training School at Red Deer.

vincial Training School at Red Deer. Some projections have been made toward the building of a four-sheet curling rink for not only fundraising but also for the use of the trainees and staff of the school, which plan should be started in the near future.
